## **DETAILED ACTION**

### ***Current Status***

1. This action is responsive to Applicants' amendment of 24 June 2009.
2. Receipt and entry of Applicants' amendment is acknowledged.
3. Applicants' addition of new claims 13-15 is acknowledged.
4. Claims 1-15 are pending.
5. The rejection under 35 USC § 102 set forth in paragraph 2 of the previous Office Action mailed 2 March 2009 is withdrawn in favor of the new rejection below.

=====

### ***New Rejections***

=====

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 1 and 13-15 are finally rejected under 35 U.S.C. 102(b) as being anticipated by Bortnick et al (US 2,847,400 08-1958). Bortnick discloses (Column 5, lines 54-62) the reaction of ethylenediamine and tert-octylisocyanate to give the monourea compound which meets the limitations of claim 1. The Examiner presumes that all compounds satisfying the limitations of claim 1 have the required properties. Bortnick therefore anticipates Claims 1 and 13-15.

7. Claims 1-15 are finally rejected under 35 U.S.C. 102 (b) as being anticipated by Bourzat ET al (US 5,338,760 08-1984). Bourzat discloses (Column 8, lines 30-50) compounds wherein when  $R_4$  = amino correspond to those of claim 1. The Examiner presumes that all compounds satisfying the limitations of claim 1 have the required properties. Bourzat discloses (Column 7, lines 5-7) compositions comprising dispersants. Bourzat therefore anticipates Claims 1-15.

### ***Conclusion***

8. Claims 1-15 are pending. Claims 1-15 are finally rejected.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
